

- (b) if so, the reasons for continuing with temporary alternative channels till date;
- (c) the technical reasons for delay in providing optic fibre link with Gunupur Telephone Exchange after completion of cable work thereof;
- (d) whether the monitoring of telecommunications system in DET Koraput, Orissa is done on time; and
- (e) if so, the details thereof?

THE MINISTER OF COMMUNICATIONS (SHRI BENI PRASAD VARMA) : (a) and (b) Telecommunication links to Gunupur were disrupted due to blasting of a microwave repeater at Gumma by some extremists. The trunk service to Gunupur was, however, restored immediately by installing an 8 channel Open Wire carrier system. In June, 96 it was replaced by one MCPC-VSAT to provide STD service. An Optical Fibre link connecting Gunupur as a permanent arrangement was commissioned on 30.07.97 and is working satisfactorily.

(c) The delay in commissioning of the Optic Fibre connectivity was due to the following reasons:

- (i) In April '97 a 3 phase power feeding transformer at Gunupur OFC developed fault. It was replaced in June, 1997.
- (ii) An end link connecting the OFC station at Gunupur to Berhampur TAX was commissioned in July '97 to extend the circuits.
- (iii) There was delay in the construction of the building at Parlakhemundi, Gunupur and Ramanguda.

(d) and (e) Yes, Sir. The operational Planning cell of CGMT Orissa closely monitors, through technical vigilance report, the working of exchanges, transmission systems in addition to the monitoring of the same by TDE Koraput himself.

#### **1st/2nd Class Passes for Train Journeys**

3694. SHRI S. AJAY KUMAR : Will the Minister of RAILWAYS be pleased to state:

- (a) the minimum pay scale required for getting 1st/2nd class passes for train journeys in the case of Railway Board employees;
